Work Placement and Volunteering Opportunities

Final Year Health and Social Care Student??

Looking for some practical care experience??

We can help!!

If you are in your final year as a Health and Social Care student, whether at School, Sixth Form, College, or even University, we can help.

We work with care employers across Suffolk, in all areas of the sector such as:

Learning and Physical Disabilities • Elderly Day Services • Rehabilitation

Hospice Care • Community Care • Care Homes • Nursing Homes

Work placement and volunteering opportunities give you a real insight in to the sector and not only help support your studies, but can also help you decide on your next step, such as an Apprenticeship, or gaining some experience to support your application for University. Some students also gain paid work following a volunteering or work placement.

If you are thinking about a career in any of the following, a practical work placement is invaluable to your future progression:

Nurse • Social worker • Care Assistant
Occupational Therapist • Support Worker
Physiotherapist • Speech Therapist • Paramedic

How long does it take??
That is entirely up to you!!

We will work with you to find out the area of care you are interested in, and find the most appropriate care setting to suit your career aspirations. You can then volunteer for as little as 2 hours a week for as long as you like, or attend a block work placement for a minimum of 2 weeks.

We will pay your DBS and support you every step of the way.

What are you waiting for!!

Contact us on info@carecareerssuffolk.co.uk or call 07483124628 for more information.

Thinking about a change of career??

Interested in the care sector but not sure if it is the right choice for you?

Why not attend a Taster Day, Work Placement of try Volunteering first?

A great way to see if the care sector is the right choice for you, is to speak to our dedicated Project Manager, who will work with you on an individual basis to discuss the different areas of care that may be of interest to you, such as Elderly Care, Learning or Physical Disabilities, Rehabilation or Hospice Care.

We can then work with a local employer to find you a suitable care placement where you can gain a real practical insight in to the sector before you commit to a role.

We will make all the arrangements and even pay for a DBS check for you.

All we ask is that you have a genuine interest in working in the care sector and are prepared to attend a voluntary work placement, taster day, or volunteering programme.

How long will it take??

That is entirely up to you. You could volunteer for a couple of hours a week or in a block of at least a 2 weeks.

Like to know more?
